School Culture and Climate

School Culture and Climate Summary

Hafley Development Center has been the early learning setting for the district since 2005 and has maintained a focus on providing high quality learning experiences for the district's youngest learners. The mission at Hafley is to foster a love of learning while celebrating our individual achievements. This is represented daily in our core belief that every student will be successful. The core beliefs were created collectively with a commitment to :

- success for all students
- a shared responsibility among school, family and community members
- consistently modeling exceptional character
- promoting a lifetime of learning through student engagement in authentic work
- teaching the whole child
- providing a risk-free environment

Hafley also houses the district's employee childcare program. Children ages six weeks to five years are provided with high quality childcare. The childcare center is a Texas Rising Star 4-Star center that meets and exceeds the minimum standards set by the state child care licensing department.

In the 2019-2020 school year the staff, students and parents developed the Hafley Cub Values and these values remain as part of the school culture in 2023-2024. These are the values that we demonstrate daily as a part of the Hafley Development Center community.
